Many Candles that are really seven to the pound, are branded and sold as sixes, making a difference against the consumer of five pounds to the box. The variation usually made in the price is not proportioned to this difference, as the following statement shows: A Box of Sevenscortains 247 Candles, and is sold for 35 pounds, which is the actual

A liex of 14 oz., or "Short Weight Sixes," contains only 240 Candles, SAME SIZE AS SEVENS, and is sold for 40 pounds. Supposing the price of the former to be 20 cents, and the latter 18 cents, there will be a difference of twenty cents in price and accen Candles in count per box, in favor of the full weight Candle to retailers and ners; and this will be increased five cents per box for every cent advance in price.
